

ARKANSAS STORMWATER PERMIT QUICK FAQs

Stormwater General Permit Issuance Date:
7/1/2024

Expiration Date:
7/30/2029

NOI Required to Continue Coverage:

Recertification NOI required to be postmarked no later than 6/30/2024 for permit effective 7/1/2024.

Fee Required / Fee Amount:

Stormwater construction, general, and no-exposure exclusion initial and annual fee: \$200

Any Expected Changes with Permit Renewal:

Discontinued sampling requirements for Iron and Magnesium for required sectors due to lack of documented toxicity. Dischargers to impaired or protected water-bodies must sample quarterly. Removed requirements for an annual comprehensive inspection.

Anything Interesting or Different than EPA MSGP?

Arkansas has not adopted the Additional Implementation Measures (AIM) components of the MSGP.

Plan Required to Be Submitted to the Agency?

SWPPP submittal is only required for new facilities or those that had changes.

Visual Monitoring Required?

Yes, quarterly. Only submit to DEQ upon request.

Any other Monitoring Applicable to all Sources (not sector specific monitoring):

Annual inspection/evaluation also required as well as sampling event visual inspections. Monitoring requirements differ based on sector. Some facilities may be required to conduct additional pollutant monitoring if industrial activities onsite may contribute to TMDLs.

Minimum Inspection Frequency:

Quarterly

Annual Report / Due Date:

Annual report required no later than January 31st of the following year. Do not submit to DEQ.

Training Frequency:

Annual

Certification by Qualified Professional:

No

Disclaimer: This is not intended to be an exhaustive list of state stormwater permitting information. Please check with your state and/or local regulatory agencies for your facility-specific reporting requirements and deadlines.
